

FLIGHT INFORMATION DISPLAY SYSTEM (FIDS) SPECIFICATIONS AT RIGA AIRPORT

There is a common procedure for providing FIDS information to our customers at Riga Airport. In order to provide accurate and timely FIDS information to your passengers please follow the request conditions below:

- Select screen images – one option for each Section (check-in, gate, information screen) is mandatory.
- Fee – there is no Service charge providing the selected option strictly according to the requested specification (except option No.4).
- In case you are not able to provide the requested specification, our IT team will assist you. In this case the Service fee is 145,00 euro (+VAT).
- In case you choose option No.4, the service fee is 75,00 euro (+VAT).
- Please note that according to Official language law all information on FIDS screens should be displayed in Latvian language as well. The text adaptation to LV is done by our IT team and does not involve any additional cost.
- Actual date of the flight.
- The request should be sent not less than 3 working days prior the flight to Raimonds Tiltins, Information System Administrator, e-mail: r.tiltins@riga-airport.com.
