

# TRAVELLING WITH PETS

In order to have a nice flight, we advise you to prepare in good time.

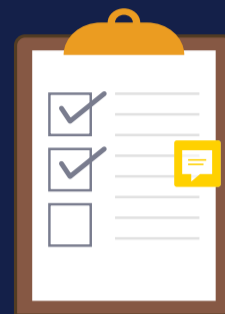

## TO-DO LIST BEFORE YOUR FLIGHT:

Familiarise yourself with the airline's rules for transporting animals

Find out what the rules are for transporting animals at the airport of destination

Make sure that your pet is vaccinated against rabies and treated for tapeworm

Find out if the country you are going to allows you to bring pets and what documents you will need

## WHAT DOCUMENTS WILL BE REQUIRED FOR YOUR PET, DEFINITELY OR MOST OFTEN:

Airline ticket

Vaccination certificate

EU pet passport

ID: a microchip registered with the Agricultural Data Centre

Veterinary certificate: preferably 2 copies – one on the owner and the other attached to the carrier/bag

### NB!

If you have not travelled with your pet before, visit the Food and Veterinary Service's website to make sure that you have all the necessary papers!

## TRAVELLING FROM THE RIGA AIRPORT:

1.

Remember to have your pet's airline ticket and documents on you

2.

Upon arrival at the airport, the pet must already be in a suitable carrier / bag

3.

Check yourself in for the flight

6.

Remove the pet from the carrier/bag so that airport security can inspect the carrier/bag. Return the pet to the carrier / bag

5.

If the pet is to travel in the heated cargo compartment of the aircraft, proceed to the non-standard luggage counter in the check-in area

4.

If your pet is allowed in the cabin, proceed to the security clearance

7.

Together with a representative of the airport, go to the baggage reclaim in the arrivals sector E, where your pet will be handed over to a representative of the airline to be taken to the aircraft

8.

Proceed to the security clearance
